**ELECTION IN RESPONSE TO ELECTION OF SPECIES REQUIREMENT**

Assistant Commissioner for Patents  
Washington, DC 20231

Sir:

Further to the Election of Species Requirement dated November 6, 2002, Applicant elects fats as the hydrophobic species recited in Claim 96. The claims under examination are Claims 21-22, 26, 29, 47-52, 54-55, 57, 66-67, 96-99, and 101-106. Contrary to the Examiner's indication, Claims 59-60 were canceled in the previous Response.

Claims 21-22, 26, 29, 47-52, 54-55, 57, 66-67, 96, 98-99, and 101-106 read upon the elected species of fats as well as on the other two elected species of durum ingredient and microorganism. In combination with the prior Restriction and Election of Species Requirement, the elected species are: (1) a durum ingredient as a plasticizable matrix; (2) a microorganism nutraceutical component as an encapsulant; and (3) fats as a hydrophobic agent. Applicant respectfully notes that the probiotic of Claim 98 is a microorganism nutraceutical species and should also be examined. See specification at page 17, lines 2-12.

van Lengerich - Serial No. 09/233,443  
Election In Response To Election of Species Requirement

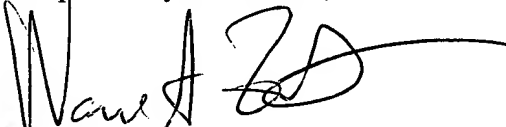

As noted by the Examiner, the non-elected claims will be rejoined if the elected claims are deemed allowable and the non-elected claims contain the same limitations as the elected claims.

If there are any questions regarding this Response or the application in general, a telephone call to the undersigned would be appreciated since this should expedite the prosecution of the application.

An Eighth Supplemental Information Disclosure Statement, together with a check for \$180.00, is being filed concurrently herewith.

If any fees are due, please charge our Deposit Account No. 501032 (Docket No. BVL-105).
